

# Grow Your Own Mushrooms Workshop!

**Who:** The Alcona/Iosco Conservation Districts are hosting this event through the Forestry Assistance Program

**What:** This workshop is designed to teach you the skills you need to inoculate logs with mushroom spawn, and why mushrooms are so great for the environment and your health. You can come learn about mushrooms and mushroom cultivation, and leave with an inoculated log that will produce food for years to come!

**When:** Saturday March 29th, 10 a.m.—12 p.m.

**Where:** Oscoda Township Library: 6010 N Skeel Ave, Oscoda, MI 48750

**Cost:** We will be charging \$10 per log. You can purchase more than 1 log if you wish. Feel free to bring a friend or spouse, just let us know how many logs you'll need. If you just want to learn about mushrooms you may come sit in for no charge

**Registration:** Please register ASAP, there will only be 25 logs available. Call (989) 335-1056 or email [andrew.beebe@macd.org](mailto:andrew.beebe@macd.org) for more information and to register
